

After All
Eric Myles Project
2017

Intro (8 bars)

V1

I was searching for perfection
And there you were
Taking chances, on a mystery
Painting stories, you and me
It was so easy, just to breathe

V2

After, after all (*After... after all*)
Hand in hand, (*Hand in hand,*)
On this journey
Push and shove
Give and take
After all, still lovers

Bridge

V3

After, after all (*After... after all*)
Years go by, with you my lover (*Years go by*)
I see you, I feel you
I hold you, so close so near

V4

You say, now I'm afraid (*It's getting darker... I'm afraid*)
I want to hold on (*hold on*)
Make me stay (*Make me stay*)
I need you, I want you
Don't let me, slip away

V5

One day, after all (*One day... after all*)
We will meet where, two are one (*two are one*)
If you go now, before I do
Wait for me, I'll be there
